## Ambulatory Athletes- Amputees and Dwarf

**Ambulatory athletes can be in a variety of classes- Amputee with single or double legs or arms. Another class within the Ambulatory category are the Dwarf athletes. (Males- max height 145cm—Female- max height- 137cm).**

**NOTE:** *The classification descriptions below provide a snapshot of each classification—the classification process is done by trained professionals typically at an IPC approved event. These descriptions/classifications may change in the future as preparations for the 2012 Paralympic Games are being made.*
