CLASSIFICATION:

Important: U.S. Paralympics has updated the National Policies and Procedures and a few changes were made that went into effect in January that will affect your events National classification. Please read the information below very carefully in order to not miss any deadlines regarding the required classification paperwork and documentation. National classification appointments are reserved for U.S. citizens only. If you are a citizen of another country and you have never undergone classification evaluation you must first obtain proof of citizenship in the U.S. before you will be scheduled for classification evaluation by a U.S. National classification panel.

The Tri-State Wheelchair and Ambulatory Games will be providing National classification in track and field. In order to participate, you must be classified in each sport you wish to compete in. If you have not been classified you will be notified of your classification time. Classifications will be held on Friday, May 26 (During the afternoon/evening) and Saturday, May 27 (During the morning) for those competing in track, field and archery events. If an athlete is not a U.S. Citizen the athlete will go through the classification process but he or she will be given a temporary classification to compete at the Tri-State Wheelchair and Ambulatory Games.

Athletes with Physical Impairments

Effective this year, all athletes that need to go through a National classification evaluation in track and field must fill out a National Medical Diagnostics Form. National classification at the Tri-State Wheelchair and Ambulatory Games will only be offered for track and field. The National Medical Diagnostics Form does not need to be filled out by a doctor, but can be filled out by the athlete or parent who can give information on the athlete's eligible impairment. This will help classifiers in different ways: One, it eliminates athletes who sign up for classification evaluation who are not eligible for competition. Two, it will assist the classifiers in preparing for the athletes who will be evaluated at the meet. **The National Medical Diagnostics Form can be found at the end of this document (After the Simply Register Online Registration Instructions) or can be downloaded from the TSWAA website <http://www.tswaa.com>. The complete form must be returned to Sherrice Fox at sherrice.fox@usoc.org no later than Friday, May 5, 2017.** The US Paralympics will review the form and then sent to the National classifiers that are working the Tri-State Wheelchair & Ambulatory Games event for review and determination of eligibility to receive a classification appointment.

Athletes with Visual Impairments

All athletes with a visual impairment that have not been classified must submit their medical forms to Sherrice Fox at sherrice.fox@usoc.org by Friday, May 5, 2017 to receive their national classification. The Visual Impairment Medical Diagnostic Form can be downloaded from the TSWAA website <http://www.tswaa.com>.

Athletes with Intellectual Impairments

Athletes with an intellectual impairment competing in track and field at the Tri-State Wheelchair and Ambulatory Games must contact Athletes Without Limits <http://www.athleteswithoutlimits.org/eligibility> to apply for eligibility to obtain their national classification.

Please send all completed forms to Sherrice Fox at sherrice.fox@usoc.org or by fax at 719-866-2029 by Friday, May 5, 2017 or contact her you have any questions regarding classification.

17th Kessler Foundation Wheelchair 10K **ATFUSA National Wheelchair 10K Championship**

Kessler Foundation presents the 17th Annual Wheelchair 10K, the wheelchair division of the Fred d'Elia Ridgewood Run held on Memorial Day, Monday, May 29, 2017 in Ridgewood, NJ at Graydon Park & Pool – 218 Northern Pkwy, Ridgewood, NJ 07450. This year's race will again be sanctioned as the Adaptive Track and Field USA (ATFUSA) 10K Championship.

This event is one of the largest integrated races in the country, as wheelchair athletes compete on the same course, at the same time, as the runners. Racers compete for \$15,900 in cash prize awards! Wheelchair racers from around the world will kick-off the series of seven events that comprise the Fred d'Elia Memorial Day Ridgewood Run. With the support of the North Jersey Masters, the Kessler Foundation Wheelchair 10K has grown to one of the largest 10K's in the country. Other event sponsors include: Global Risk Consultants, and EZRide. The Wheelchair 10K begins at 8:15 am, with registration opening at 7 am. Registration is \$25 per racer. All participants will receive a commemorative t-shirt. Kessler Foundation will host a brief awards ceremony with refreshments immediately following the Wheelchair 10K.

The Kessler Foundation will be providing shuttle transportation between the host hotel Holiday Inn Express Paramus Hotel and Graydon Park (Kessler Wheelchair 10K start/finish line). The Kessler Wheelchair 10K Online registration closes on Thursday, May 25. If you wish to register after that date, please email the Kessler Wheelchair 10K Race Director, Angela Smith at ASmith@KesslerFoundation.org.

The Online application for the 17th Kessler Foundation 10K can be found at the following link:

About Kessler Foundation:

Kessler Foundation is the largest public charity supporting people with disabilities. Kessler Foundation Research Center improves the quality of life for people with physical and cognitive disabilities through rehabilitation research in its six specialized laboratories under the leadership of noted research directors--Human Performance & Engineering Research, Neuropsychology & Neuroscience, Outcomes & Assessment Research, Spinal Cord Injury Research, Stroke Rehabilitation Research, and Traumatic Brain Injury Research. While the staff of each laboratory has expertise in a particular area, collaboration often enhances progress toward finding ways to overcome the obstacles faced by people with disabilities caused by brain injury, spinal cord injury, multiple sclerosis, stroke, arthritis, and other chronic neurological and orthopedic conditions.

Kessler Foundation Program Center focuses on solutions to address the persistently high rates of unemployment among people with disabilities. Through strategic funding and philanthropic leadership, Kessler Foundation has invested more than \$20 million in programs to increase the participation of individuals with disabilities in the workforce. Creating job opportunities through development, placement, employer education, and social enterprise has enabled greater independence and economic self-sufficiency. Kessler Foundation Program Center provides assistance to community organizations that create employment programs or integration opportunities for people with disabilities. Grant recipients include national and local organizations whose missions complement that of Kessler Foundation.

Other Information

National Medical Diagnostics Form

Dear Athlete:

This form is a guide to collect information needed for national classification evaluation. In order to be eligible to be scheduled for a national classification appointment the athlete **MUST** have an eligible impairment as per the International Standard for Eligible Impairments. For additional information and to view the full IS for Eligible Impairments visit the [IPC Website](#). For a list of eligible impairments by sport please visit the [U.S. Paralympics website](#).

There are ten eligible impairments for Para Sport:

1. Impaired muscle power
2. Impaired passive range of movement
3. Limb deficiency
4. Leg length difference
5. Short stature
6. Hypertonia
7. Ataxia
8. Athetosis
9. Vision impairment
10. Intellectual impairment

Classification evaluation is usually done in conjunction with a competition and is conducted by a panel of medical and/or technical classifiers [panels are defined by each sport within their respective classification rules].

Classification evaluation will usually include a physical assessment (may be called a "bench test") and a technical assessment using competition equipment on the field of play. Evaluation may also include observation in competition depending upon the sport and relevant sport rules.

If you are an athlete with a visual or intellectual impairment, you do not need to complete this form. Athletes with a vision impairment, must submit the [visual medical diagnostics](#) form to Sherrice Fox at Sherrice.Fox@usoc.org. Forms must be submitted at least 2 weeks in advance of any Para sport competition where you expect to participate. Athletes with an intellectual impairment should complete the application at [Athletes Without Limits](#) to obtain a national classification.

National classification appointments are reserved for U.S. citizens only. If you are a citizen of another country and you have never undergone classification evaluation you must first obtain proof of citizenship in the U.S. before you will be scheduled for classification evaluation by a U.S. national classification panel. If you have undergone classification evaluation in another country nationally or internationally [when international data is NOT included on the respective IF Masterlist] you must provide proof of sport class(es) and sport class status before the competition in the United States where you intend to compete.

Please send all completed forms to Sherrice Fox at Sherrice.fox@usoc.org or by fax at 719-866-2029 at least 2 weeks prior to competition.

No

Please provide a brief description of your impairment (including confirmed medical diagnosis) and any other relevant information you would like the classifiers to know.

If you are an athlete with a spinal cord injury or spina bifida please include at what level or if the SCI is complete or incomplete. (i.e. SCI complete L7 or spina bifida L3-L4) If you are an athlete with Cerebral Palsy, please include what type (i.e. Ataxia, Athetosis, Hypertonia). If you have rods, please include the location of your rods. If you have an amputation please include which limb(s) and location(s) of amputation (i.e. right below elbow). If you are an athlete of short stature please include your height.

Please feel free to attach any relevant medical documentation from your doctor that you think will aid in the classification process. **If you have had surgeries specifically related to your impairment (i.e. tendon transfers, rods inserted/removed, etc.) please list each surgery type including the date it was performed.**

If you have any questions about this form please contact Sherrice Fox at 719-866-3353.
